Commission will be allowed to the intermediary on premiums actually paid to and received by Allianz in respect of insurance introduced and controlled by the Intermediary while the Intermediary continues to hold this Intermediary appointment and to be authorised under the 1995 Act [and the S.I. No. 229/2018 - European Union (Insurance Distribution) Regulations 2018], and for that period only. Whenever return of premium has to be made to an insured on which commission has been paid to the Intermediary, the corresponding part of such commission must be refunded by the Intermediary to Allianz.

Commission terms for all business will be those laid down or specified in writing by Allianz for the time being and from time to time. Allianz reserve the right to revise and alter the rates of commission from time to time at their discretion. Revisions in such rates will become effective upon notice in writing to the Intermediary by Allianz in respect of all business introduced by the Intermediary thereafter.

[The rates as laid down or specified in this report have not accounted for any individual increase or decrease in single policy commission which has been agreed by the intermediary separately with Allianz for a specific policy. Where any such non-standard commission is paid in respect of a single policy, these commissions are not included within this report and it is the responsibility of the intermediary to disclose such non-standard commissions to the CBI and/or the policyholder. The intermediary is required to continue to comply with its obligations as per Clause 8 of the Terms of Business Agreement, "Disclosure to Customer".]
